notes from the board

What’s so great about our Annual Plant Sale? Just about everything! Not only is it one of the biggest plant sales in the tristate area, it’s also the Friends’ biggest event of the year and our only fundraiser. Just think, by volunteering at the sale and shopping for thousands of gorgeous plants you are helping ensure that the Friends will continue to be able to sponsor the hundreds of programs hosted at the arboretum throughout the year. How great is that?

So, block your calendar for May 5-7 and let your friends and neighbors know by sending them this link to our Plant Sale page (www.arboretumfriends.org/plantsale). On our website you’ll find a list of our hundreds of different vegetables, herbs, annuals and tropicals, perennials, trees, and shrubs. You’ll also find planting recommendations from our plant experts and links to our growers. Plus, you’ll be able to volunteer to help at the sale by registering online at www.arboretumfriends.org.

We’ll have our popular Preview talk at 7:00 pm on April 5th. Kim Eierman, from EcoBeneficial, will be talking about Native plants at 1:00 pm on April 22nd and then we’ll have a special program only for volunteers on April 29th as a kick off to Plant Sale Week. Volunteering is a great way to meet fellow members and other local gardeners and to learn more about plants.

The weekend of the sale, we’ll again offer exclusive shopping to our members from 4:00 – 7:00 pm on Friday May 5th. We’re excited to invite you to come early on Friday for a special $25 program at 2:00 pm that we’re calling Prosecco, Pellegrino, and Plants! with well-known plantsman David Culp. After David’s talk, you’ll get first dibs on all of our plants plus personal advice from a renowned horticulturalist. The plant sale will be open to the public that weekend between 9:00 am – 3:00 pm on both Saturday and Sunday, with plant advisors on hand throughout to help with recommendations of what will work best in your garden.

We’re all looking forward to seeing you at the sale!

Ilona Ontscherenki, for the entire Plant Sale Team

Lesley Parness

Congressman Rodney Frelinghuysen made time in his busy schedule to join the Friends of The Frelinghuysen Arboretum at their annual New Year’s party on January 15, 2017. Lesley Parness was honored on her upcoming retirement as Superintendent of Horticultural Education for the Morris County Park System, having served 15 years in that position. Congressman Frelinghuysen, addressing the crowd of 150 members, praised the Friends for the many contributions they have made to the Frelinghuysen Arboretum, working in partnership with the Morris County Park Commission. He credited that collaborative effort, under the guidance of Superintendent Parness, with bringing world-class programs to the Frelinghuysen Arboretum, along with increased public appreciation of the beauty of the Arboretum. He presented Ms. Parness with a citation and a flag flown in her name over the U.S. Capitol Building.

Following Congressman Frelinghuysen’s remarks, Chatham resident and author Marta McDowell gave a presentation on her new book, “All the President’s Gardens,” which was a New York Times best-seller. Ms. McDowell thanked Congressman Frelinghuysen and his office for arranging for her visit to the White House gardens and meeting with the head gardener.

We mortals don’t often see fairies but creating special fairy houses can bring them here. Families are invited to Sylvan Terrace to build homes for these visitors. All supplies – bark, branches, lichens, mosses, feathers, stones and leaves – will be provided, or bring your own as long as they are natural – fairies shun man-made materials. We’ll summon the fairies with music and fairy snacks and learn which plants and trees attract fairies. All fairy houses will be on display through the end of July.
